Dedicated and highly motivated bilingual professional with the educational project and work experience to contribute to the interior design industry, including serving as lead designer for a remodeling project at Royal Caribbean Cruises Ltd. as a college senior. Combines a diverse background growing up in France and living in North America to deliver a unique design perspective, creating bold and innovative ideas rooted in clients' needs, cultures, and lifestyles. Produces intentional design decisions, connecting and building rapport with clients from different places, and drawing on everyday inspiration to ensure high-quality project outcomes. Exemplary educational qualifications include the pursuit of a Bachelor's Degree in Interior Design from Florida State University. Thrives in fast-paced environments managing numerous competing deadlines and projects. Known for excellent communication and collaboration skills with the diligence, self-perseverance, and drive to deliver on goals consistently. Cultivated positive relationships with clients and colleagues, leveraging communication skills in French and English to converse with clarity and diplomacy to individuals from diverse backgrounds and expertise.

PROFESSIONAL EXPERIENCE

ROYAL CARIBBEAN CRUISES LTD. | MIAMI, FL | 2019

Interior Design Intern

- Served as lead designer for remodel project of lobby on first floor, renovating an existing space to accommodate the relocation of 62 employees
- Created overall design concept and developed specific solutions for a custom reception desk, custom ceiling system to create a more cohesive space, and a custom decorative structure to separate spaces
- Generated bid proposals, construction budgets, and small work order requests for the project, managing an overall renovation budget of \$2.5M
- Responsible for selecting finishes for a new kitchen remodel area, ensuring specifications remain within budget
- Show strong leadership traits while delegating tasks to the design team; provide excellent follow-up to ensure the work performed is in alignment with client specifications

KUKES & SIMONS INTERIORS | BOCA RATON, FL | 2018

Interior Design Intern

- Communicated with cross-functional team members regularly, building relationships throughout the company to ensure goal achievement
- Delivered training to fellow designers on new computer techniques, including Adobe Photoshop and 3D Renderings
- Prepared Interior design projects and presentations that included hand renderings as well as Photoshop and AutoCAD illustrations
- Supplied and managed the resource room, ensuring maintenance of organization and overall accessibility

PREMIUM KITCHENS | BOCA RATON, FL | 2017

Interior Design Intern

- Selected, designed, and purchased furnishings, artwork, and accessories for two clients, ensuring solutions remained within budget while satisfying client requirements and expectations
- Utilized computer systems (including Word, Excel spreadsheets, and PowerPoint) to program, set up functions, enter data, and process information related to client accounts totaling about \$700,000.00
- Developed knowledge of cabinet and countertop materials as well as their qualities, durability, and fabrication, enabling detailed customer consultations
- Updated and maintained two daily social media posts of the newest design trends, driving website traffic and customer interest

ESMERALDA FARACHE DESIGN | BOCA RATON, FL | 2016

Interior Design Intern

- Consulted closely with clients to determine their needs and preferences, and selected furniture based on client taste and personality
- Assisted lead designer to determine how the space will be utilized effectively, making recommendations on materials and furnishings and offering an estimate on project duration

CLC ENTERPRISES | BOCA RATON, FL | 2014

Marketing, Media, and Events Intern

- Handled marketing and social media accounts, creating over 15 content pieces weekly across multiple platforms to drive website traffic
- Translated and explained what official documents meant and how they could be used
- Identified opportunities to exceed client expectations – email marketing campaigns, social media, mobile web marketing, web and email design, analytics and custom campaign solutions
